PUBLIC HEALTH WORKERS NEEDED

RED CROSS TO GIVE PRELIMINARY INSTRUCTION AT ST LOUIS

TO PLACE SUPERVISORS

Nurses Taking Training Will be Placed in Positions at Salaries Commensurate with Ability

A call for graduate nurses throughout Missouri who wish to enter public health work in the state was issued today by Red Cross officials at Southwestern divisional headquarters of the Red Cross at St Louis. Six week preliminary instruction will be given in classes soon to be opened at Red Cross public health headquarters in St. Louis

A survey of every city, town and county in the state is being made by the Federal Public Health bureau The Red Cross hopes to co-operate by placing a nurse in every community where a public health nurse is not already at work in order that the results of the survey may be made permanent. Red Cross nursing officials described the class instruction as follows:

"We are about to prepare 20 or 30 graduate nurses who possess requisite education, training, personal ability and force, preferably residents of Missouri, in a six weeks period of instruction in pre-natal and child welfare work and in the principles of public health nursing.

"In addition it is hoped to place district supervisors who will be well trained public health nurses to direct this work in the counties. Red Cross chapters are authorized to take care of the expenses of students from their localities.

"At the end of this instruction the nurses will be assigned to work in the various communities of Missouri under the direction of such a supervisor. They will take care of community visiting nursing in the district assigned to them and will endeavor to promote public health by campaigns of education.

"Inasmuch as such nurses will be given the instruction without cost to themselves and will receive appointments to positions at salaries commensurate with their abilities the plan presents a splendid opportunity to get the fundamentals in theory and practical experience in public health nursing. The instruction is not to be looked upon as a full course in public health nursing Applicants may obtain further information from Miss Anna L. Stanley, director of Public health nursing, Southwestern Division, Red Cross, St. Louis

G. L. WILFLEY TALKS TO COLLEGE BOYS ON "SAVING"

Second of Series of Luncheons Given Today by the Men's Club of the S. T. C.

The men's club of the State Teachers College held their second luncheon at noon today in the men's parlor. G. L. Wilfley, president of Farmers Trust Company and of the Chamber of Commerce, was the principle speaker. His subject was "Saving" and he told of two phrases, saving as a factor in character, and saving, relative to success in life.

The luncheon was prepared by the Y. W. C. A. of the College and was served by Myron Babby, Ernest McDonald, Marshall Long and Clifford Hull. Standing committees will be appointed in the near future for selling tickets, serving the luncheons and the after luncheon work of cleaning dishes.

The members of the club present at today's luncheon were John Lawton, Lee Nichols, John Phipps, Clifford Hull, Marshall Long, Myron Babby, Harold Houchens, Arthur Darnell, Ferd Masters, Ernest McDonald, Coach Robert Rice and Prof. E. W. Glean.

ORGANIZE BAND AMONG MEMBERS LEGION POST

Preliminary Meeting Held Last Night Considerable Musical Talent Among the Organization

A band is being organized among the members of the James Edward Gray Post, American Legion There are quite a number of fine musicians among the boys and they expect to have a good band of at least twenty-five pieces

The preliminary meeting was held last night and the first plans talked over. No formal organization has been affected yet. A director will be arranged for later, Those present at the meeting last night were Lawrence Shanks, Albert Butherus, Henry Buhler, Charles Wallace, Carl Tarpley, Joe Price, Loren Schnabel, Ferd Masters and Orville Vert

PLAN OF PROPOSED H. S. ADDITION ON DISPLAY

Architect Submits Tentative Drawings to School Board Showing How Completed Building Will Appear

A drawing of the proposed addition to the high school, showing how the entire building will look when completed and also the floor plans of rooms, made by Eric Shue, architect of Hutchinson, Kansas, were received today by Dr Jesse Miller of the school board, The drawing will be placed in one of the conspicuous store windows of the city where they can be easily seen The plan is only a tentative one and submitted by Mr Shue in order that the public could more clearly understand the plans of the proposed building and the general appearance of the completed structure. Mr Shue was in Maryville today on some other business and brought the drawing to Mr Miller at the same time

The addition as proposed is 60 by 95 feet, built adjoining the north side of the present high school building. The north entrance of the present building will be used for the entrance into the new quarter Six large class rooms occupy the main floor. On the lower floor is the gymnasium and the lockers are in the basement

A special election to vote on the proposition for a $75,000 bond issue is to be held April 6

Something of Interest.

The fashion windows being displayed by the Corwin-Murrin Clothing store this week have some very interesting facts regarding several of the ornaments. The yellow daffodils used are artificial, which is scarcely detectable from the outside. The flowers about one hundred in all, were made by Mrs. C. C. Corwin and daughter, Miss Mae. Mrs. Corwin learned the art of making them from a resident of Canada. They are made from a crepe paper manufactured especially for flowers. Two brass vases in the window holding bouquets of daffodils, were made from seventy-five German shells sent to Mrs. Corwin by her brother, Licutenant Conleel Jayne of the first infantry of Oklahoma. These shells were obtained after the battle of Somme and others of equal fame. One other interesting feature is a tomtom vase brought by Miss Mae Corwin from a trip to European countries. The vase was purchased at Tanjier, Morocco, and is of the same material used on the end of drum sticks.

COUNTY POLITICS A LITTLE QUIET

NOT MANY CANDIDATES TALKED OF FOR COUNTY OFFICES

LAST FILLING DAY JUNE 3

Several are Waiting to Announce After the County Conventions of Both Parties are Held

It is expected that several candidates will announce soon for county offices Some are waiting until after the county conventions of both parties are held and some will wait until the state conventions are held

The county officers to be elected this fall are two members of the county court, one from the north district and one from the south district, prosecuting attorney, sheriff ,treasurer, coroner, public administrator, surveyor and representative

The last day of filing for the nomination is June 3 and the primary election will be held on Tuesday, Aug. 3.

Since Representative William Job announced his candidacy yesterday for state senator from this district, no one has been mentioned to represent this county in the house of representatives at Jefferson City. Efforts will be made to get a capable business man to become a candidate for this office

Prosecuting Attorney Charles F. McCaffrey, who has had a successful term as prosecuting Attorney, will be a candidate for re-election Mr. McCaffrey has held thi s office one term of two years and as nearly all of the county officers hold for four years, it has been the custom to re-elect them Mr McCaffrey will be unapposed in the Democratic party and it is thought he will have no opponent on the Republican ticket

For county treasurer. James W Blagg will be a candidate for re-election. No opposition to him has developed in the Democratic party

As Sheriff John F Dowden will be unable to succeed himself as sheriff. on account of a state law there will probably be a merry fight for this office. Former Sheriff Ed Wallace is being frequently mentioned as the Democratic candidate for this office. Several Republicans are mentioning Deputy Sheriffs Gus Romasser and Leo Atherton as their nominee.

The Democratic county convention to select delegates to the state convention at Joplin probably will not be held until Saturday, April 10. It is thought at this time a mass meeting will be held here instead of meetings being held in every township of the county for the purpose of selecting delegates to the county convention

Hunting Sunlight by Airplane.

Sunlight chasing in England by airplane is the latest kinema development conceived by a producer to assist the production of his films. He is purchasing an 8-seater Handley-Page machine to transport his artists to sunny "locations" with the greatest possible celerity. This will not only save time and cut out heavy hotel expense, he says, but will also enable the producer to act promptly upon weather information.

The Gang Plays Joke.

I was having my lunch in a saloon with a couple of fellows, who, thinking it a good joke, slipped two frankfurters and a pretzel in my umbrella. Whom should I meet just outside the place but our secretary, a dignified young lady. It was still raining, so, raising my umbrella, I bowed politely, when the sausage rolled at her feet and the pretzel landed on her muff.—Exchange.

The Difference.

"What's the difference between the old nihilism and bolshevism?"

"The nihilists wanted to keep everybody from having anything, while the bolshevists want to grab everything in sight."

The Kind.

"They give war portions yet at that restaurant."

"War portions?"

"Yes; the kind that give a man a fighting chance for a meal."

EXHIBITION AIR FLIGHTS TO BE GIVEN HERE FRIDAY

H R Cotton and Jimmy Ward, Former Army Aviators to Take Passengers in Standard J-1 Machine

H R Cotton of Albany will be in Maryville Friday to give exhibition flights in a Standard J-1 airplane and will also take passengers on trips through the air, each flight being ten minutes

The plane will carry two passengers and the pilot. The Standard J-1 is 45 feet wide and 28 long and weighs 26-30 pounds Exhibition flights will also be given by Jimmy Ward of Arkansas City, Kan who will give all manner of stunt flights. Ward was an army air service instructor at Scotts Field Bellville, Ill. during the war. Cotton was also in the government air service eighteen months

Both men are expert aviators and after the exhibition here will take the plane east where they have contracts for exhibitions in several cities

The exhibitions will be given either with the start from the Holt pasture, north of the city or from the State Teachers college ground

Cotton is a brother of Mrs Fred Bellows of this city

CHRISTIAN CHURCH WORKERS IN PRE-EASTER CAMPAIGN

Gospel Teams From Maryville Visit Churches of Arkoe, Hudson and Ravenwood Last Night

G L Wilfley, U S Wright, Charles Childress and Mrs W A Miller, a team of gospel workers from the Christian church held a meeting at the Arkoe Christian church last night which was attended by over fifty persons living in that district. Five members of the Sunday school orchestra under the direction of Loren Schnabel started for the meeting but on account of car trouble failed to arrive in time.

At the same hour last night meetings was held by gospel teams from the church in charge of Guy Henry and A L Nash. The former held one at Bedison and Mr Nash and his team were at Ravenwood. Big meeting were held at both places. These meetings are a part of the pre-Easter evangelistic campaign being carried on by the Christian churches of the county

STRAWBERRY PRESERVES 16 YEARS OLD AND STILL PERFECT

Mrs. Annie West, now living in California, writes to the Democrat-Forum as interesting bit of home news, called to mind by reading of a cake which had preserved in brandy fourteen years and was served at a wedding feast. Mrs West had some strawberry preserves sixteen yars old. She lived in Nodaway county for years and is now living at 119 West Palmer St Glendale, Cal.

"I saw a piece in your paper telling of a cake fourteen years old being preserved in brandy and then served as a wedding cake Please allow me to tell of a can of strawberry preserves sixteen years old and in as good condition when opened Feb. 7, 1920 as when made by my mother in June 1904 And they were not kept in brandy those sixteen years.

"I lived in Nodaway county for years my parents were Mr and Mrs Samuel Lewis In 1904 my mother gave me a half gallon jar of strawberry preserves. I kept them in order to have something my mother made The jar was kept in the cellar six years, when we moved away, leaving the place in charge of our son, Ed West, who lived there ten years In the meantime the jar remained in the cellar This February he moved to Wyoming He had a curiosity to see how the fruit had kept and opened the jar and sent me some to California where I now live The preserves were fine and had kept perfect"

WEEK CAMPAIGN TO CUT BUTCHER BILL

SUGGEST SCHEDULE FOR USE OF CHEAPER CUTS

UNDER GOVT. AUSPICES

Local Meat Dealers Have not Yet Received Notification—Big Field for Such a Movement

A national wide Save Money-on-meat campaign has been inaugurated for this week by the department of justice in order to reduce the cost of living

The local butchers and meat dealers have received no notification of the campaign, However, they insist there is a big field for such a movement and that they are willing to co-operate in giving the consumers a better understanding of the food values of the cheaper cuts of meat and though the buying of cheaper cuts the price of more choice cuts would thereby be lowered

The campaign is in the hands of Howard Figg, assistant attorney general and the following schedule has been prepared for a weks use of the impressive cuts:

Monday, beef stew alternate, liver

Tuesday—Pot roast, ox tail

Wednesday—Soup meat, beef dessert

Thursday—Lamb ster, sausage meat

Friday—Veal stew, sausage meat

Saturday—Corned beef, chuck roast

According to the department of justice announcements of the campaign, government experts who have investigated marketing conditions say:

"An abnormal demand for any commodity forces up the price, and this condition applies to porterhouse steak or other choice cuts. People should use more fore-quarter meats (whence come many inexpensive cuts) and reduce the cost of living.

"Now is the consumers chance to save money by purchasing more freely the cheaper portions of meat. They are 'cheap' only in the sense that they cost less"

SCHUMACHERS TO HOLD BIG FOOD DEMONSTRATION

Ten Food Experts to be at the Store Friday and Saturday Six Wholesale Houses Represented

The Schumacher grocery is arranging a series of food demonstrations as one o fthe big events of the last two days of the spring opening week. There will be ten demonstrators, including several experts from the factories of the kinds of food to be displayed and exploited. The demonstration will open Friday noon and continue until Saturday night During Saturday the showing begins in the morning and continues all day with the entire force of food experts demonstrating

The showing is absolutely free and it is not the desire of the firm to make money at the event It is simply to show the classes of goods carried by the firm.

The kinds of food to be shown are the Sprague Warner coffee which will be in charge of that company's head salesman for the district, Dan H Holmes of St Joseph and an assistant Heinz' 57 varieties will be shown by Mr Black and an assistant The Iten Biscuit Company will send two experts for the showing of their goods The Swift & Co hams will be shown and samples served by two experts from the Swift plant at Chicago and the Ridenour-Baker peanut butter will be served by Mr Hayes, salesman for Missouri and an assistant from Kansas City Mrs W R Hughes of this city will superintendent a showing of the Batavia canned fruits and jellies and preserves carried by the Schumacher firm

LABELLE DISTRICT SCHOOL COMPLETED—MOVE MONDAY

Old Building Was Destroyed by Fire Months Ago—New Structure Up to Date.

The new Labelle school building, east of Ravenwood, will be ready for occupancy Monday and school will be resumed again in that district. The old building was destroyed by fire a few months ago. The new building is a frame structure with basement and a furnace and is equipped for cooking and serving hot lunches, an up-to-date library and new furnishings throughout. The new building cost $3,000. Miss Blanche Erickson, who is the teacher of the school, has been teaching at the Mt. Tabor school since the Labelle school has been closed during their building. The members of the board of the Labelle district are A. Z. Loomis, E. B. Spoonemore, A. D. Campbell and John Milligan, clerk

DEMOCRATIC DOPE

The women of Butler county should search the pages of the county's history to determine who it is that has recognized womanhood in the past. The Democrats had a woman candidat last election and when a vacancy occurred in the recorders office occasioned by the death of Frank B. Nixon Butler county Democracy's chivalry brought about appointment of Mrs. Nixon the widow at the hands of a Democratic governor—Poplar Bluff Weekly

The race of Senator Bloch of West Virginia to have suffrage in that state recalls the race by Senator Gray of Carthage to cast the deciding vote for it in this state. The women in charge of the fight in this state appealed to National Committeeman Golrta to help them. Mr Goltra was told of the situation and immediately chartered a train to bring Senator Gray from St Louis to the capital city to cast the deciding vote. When Senator Gray and Mr. Goltra arrived they were greeted with mild cheers and a shower of flowers by the women

Needless to say the women appreciate Mr. Goltra's action as was evidenced by the whole delegation at Joplin voting for Mr. Goltra's re-election as National Committeeman. There is little doubt but what Mr. Goltra will be re-elected and there is no reason why he should not. He has always been generous and active for the success of the Democratic party His unselfish devotion to the cause merits the united support of the Democratic party in this state.

Missouri Republicans who are hankering for office in this state, had better have some regard for economy and the high cost of hats before they threw any more of them away—Boonville Advertiser

Those youthful Republicans who receive prizes aggregating $10,000 for writing the next national platform for the G O P are about the only members of their party who stand to win anything worth while this year—Thayer News

At any rate the biggest need in America today is for more production of all necessities whether on farm or in factory. REDS IN CONTROL MENACE GERMANY

ASK ENTENTE TO USE 100,000 IN RUHR DISTRICT

FRENCH ASK ENTRANCE

Marshall Foch Requests Council of Ambassadors for Permission to Enter With Allied Troops

London, Mar 24—Two German military envoys who hastened to Paris to report to the Allies the true conditions in the Ruhr district, asked the Entente to authorize the German government to send 100,000 troops against the Reds in that district, according to a Paris dispatch

Paris, Mar 24—Marshall Foch has asked the council of ambassadors for permission to enter the Ruhr district in Germany with 80,000 allied troops. It was learned from authoritative sources today. United States Ambassador Wallace is reported to have rejected the request. The British Ambassador is said to support it The Ambassadors agreed, however, the French should be allowed to occupy Frankfort if negotiations between the Mayor of Essen and Ebert should fail. Essen is controlled by the Spartacists.

Berlin, Mar 24—Trench warfare has developed between the government troops and the Reds in the region of Westphalia. The Reds are trying to cut their way through the government forces to Holland frontier

The general strike has been called off by five o fthe leading locals of the workers unions. The subway is again running Berlin is quiet, Indications are that work will be resumed tomorrow except factories damaged by sabotage

London, Mar 24—Labor leaders in Berlin have served notice upon the government it will renew the general strike unless a radical programme is carried out, according to an Exchange Telegraph Berlin dispatch today

Paris, Mar 24—A report was received here today that a clash occurred between the German Spartacists and Belgian troops near Duisburg. The Belgian legation is without confirmation The report was printed in the Echo De Paris

GETCHELL LAUNDRY SOLD OPEN FOR BUSINESS SOON.

The Getchell Laundry company was sold today to Walter Wray of Ada, Okla. Mr. Wray previously owned the laundry and operated it for some time. He is on a deal for the sale of the property to a Nebraska man which will probably be consumated within a few days and the laundry opened for business again. Mr. Wray is now in the auto business in Ada and will return there in a few days.

BARN OF A S CORDELL STRUCK BY LIGHTNING-BURNED

A barn on the A S Cordell farm south of Quitman was struck by lightning about 3 o'clock this morning and burned to the ground The farm is occupied by Bert Sharp who succeeded in removing the stock from the barn. Eleven hundred bushels of corns belonging to Cordell and five hundred bushels belonging to Mr Sharp along with one and one half tons of hay and a number of farm implements were destroyed in the fire.

DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and scur, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.—Adv.

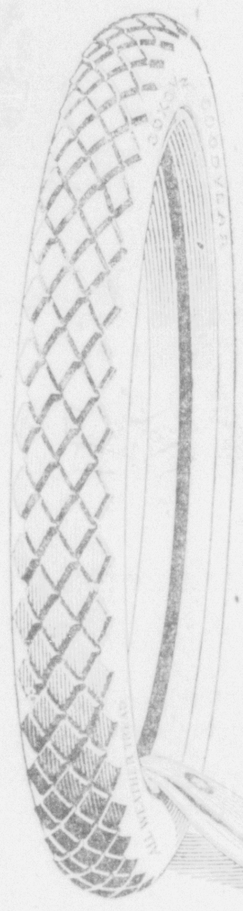
Get Goodyear Tire Economy for That Smaller Car



Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag* $4.50

ABOUT REV. C.R. GREEN'S DAIRY FARM AT HARMONY

The following article about Rev. C. R. Green's dairy farm is taken from the Missouri Ruralist the article being written by A. A. Jeffrey.

Some day the story of Preacher Green's dairy farm will carry almost as much inspiration to readers the country over as the often told narrative of his community work at Harmony church has done. That's a fact, for the Rev C R Green is a dairy farm or as well as a preacher.

Starting with two or three purebred Jersey cows in a little patched up barn back of the Harmony parsonage—when his salary was only $600 a year—the young preacher employed his spare hours caring for his cows and studying their requirements and possibilities. And in 11 years he has built on that foundation a herd of nearly 30 purebred Jerseys and the sound experience of a capable dairy farmer.

Year by year the little herd grew, and in the Green's congrgation added to his salary the annual use of a 10-acre field of bluegrass. Year by year Green improved his methods and developed his herd. It was real benefit to his community as fell as a timely aid to his own bank account. And now he has bought a farm. Because of his faith in dairy cows he bought this farm—mostly on time—and has entrusted farm and cows to a partner tenant under a livestock lease, "fifty-fifty."

This farm is a hill farm in the farthest edge of Harmony community—a "good way out" and cheap as farms go nowadays, but ideal for the purposes of dairying. In a few more years preacher Green and his partner-tenant a time tried man of his own congregation, will have paid for this farm and another for the partner—with the sound practices of dairy farming. Then we'll have the whole story.

Nor has this enterprise interferred with Mr. Green's work as a preacher and community leader. His sermons are the more sound and cogent because of his early hours and the calloused palms. The farm folks of his congregation accept his admonitions in the cloth all the more readily because of the undeniable soundness of his practices afield. The man who knows just how much to feed each cow in a herd of 20 to keep her production of milk up to utmost capacity is very likely understand all the more keenly the fine art of keeping man's daily life up to its highest possibilities.

And here is Preacher Green's dairy ration just as he buys and mixes it: 25 bushels corn, 50 bushels oats, 2000 pounds of bran and 1000 pounds oil-meal. The corn and oats are ground and the whole combination thoroly mixed.

It is fed 1-to-3—1 pound of feed to every 3 pounds of milk a day. Mr. Green keeps a careful record of the exact performance of each cow and feeds accordingly.

Women porters carry the luggage of tourists on the island of Capri. The men are occupied as fishers, coachmen and coral sellers.

EACH OSAGE INDIAN PAID $1,000 MONTHLY.

Pawhuska, Okla., March 23.—Not bad to be an Osage, eh? According to records here the February allotment now being paid is $1,000 for each of the 2,225 Osage Indians on the roll. The individual allotment for January also was $1,000.

The Government is paying the money from bonuses for gas and oil leases on land owned by the Osages.

Oakwood, Mo.—"For thirty-five years Dr. Pierce's remedies have been my home's bold standby. Several times when I have been worn out with overwork and the care of my family I have been wonderfully strengthened by taking Dr. Pierce's Favorite Prescription and I first discovered the value of Dr. Pierce's Golden Medical Discovery when my first baby was six months old. I caught a heavy cold and then nursing-sore-mouth developed. The doctors all failed me and as a last resort I tried the 'Golden Medical Discovery.' I improved from the very start and because it built up my strength so easily I kept on taking it until I had taken six bottles.

"When my daughters were developing into womanhood they found 'Favorite Prescription' of special value. We are all most enthusiastic in praise of Dr. Pierce's remedies and gladly recommend them."—MRS. EMMA CLARK, P. O. Box 135.

St. Louis, Mo.—"I take pleasure in recommending Dr. Pierce's Pleasant Pellets as a safe and perfectly reliable laxative to give to little folks. I have been giving these 'Pellets' to my children from the time they were three years of age whenever they have become constipated or showed signs of inactive liver, and these 'Pellets' have always given prompt and satisfactory results. I have no difficulty whatever in getting the children to take them, they are so mild and easy to take."—MRS. ELSIE SPRIESTERBACH, 4211 Fair Ave.

Just Music, or Tone-Quality?

What do you want a phonograph to do? Just play noise, or do you wish to hear the real music of the world's best artists?

The New Edison, the first phonograph, and the one made by the great inventor of phonographs, really "RE-CREATES" the music it plays, playing it so faithfully that it cannot be told from the original.

The above picture shows Albert Spaulding playing the violin with that wonderful human quality that makes his playing stir the souls of thousands or holds a large audience in breathlessness.

The New Edison re-creates the music of Spaulding and plays it with him so that it can not be distinguished from Spaulding himself.

You can hear that kind of music at our store any time on the New Edison.

Little Hope of Relief For Victims of Catarrh

Unless Old-Time, Obsolete Treatment Is Discarded.

Doubtless during the mild summer months you have enjoyed some relief, from the disease, because there is always less inflammation of the membranes during the summer, but do not make the mistake of thinking that your Catarrh is gone, for the very first raw, damp, wintry day, the delicate linings of the membranes will begin to again become irritated and sore, the air passages will begin to clog up, and soon you will find that your old enemy is still with you, with a fiendish intention of making the winter as full of discomfort as ever.

What are you going to do about it? If you have had the disease for any length of time, the chances are that you have used enough local remedies to convince you that there is no cure for you in this method of treatment. Are you going to drag through another winter hawking and spitting and spraying constantly in an effort to unclog the stopped up air passages so that you can get your breath for awhile, knowing that these accumulations will immediately reappear—or are you going to discard this makeshift treatment, and use a little intelligence in an effort to get rid of this disease that is such an annoyance and a constant hadicap?

You must accept the teachings of science, which shows that to get rid of any disease, you must treat it at its source, you must direct your efforts toward removing its cause, instead of being satisfied with slight temporary relief from its symptoms. You must rout out from your blood the millions of tiny germs which cause Catarrh, so that there can be no more inflammation of the nose and throat, and choked up nasal passages that make breathing difficult and painful.

S. S. S., the fine old blood remedy, has given splendid results in the treatment of Catarrh, and you will be delighted with its effect on your case. It so purifies and cleanses the blood, that disease germs are eradicated, hence when the germs of your Catarrh are eliminated from the blood, you are on the right road to a permanent riddance from the disease. Go to your drug store, and get a bottle of S. S. S. to day and begin the real rational treatment that will give real results.

If you will write our medical department, we will take pleasure in giving instructions regarding the treatment of your own particular case. Address Chief Medical Adviser, 15 Swift Laboratory, Atlanta, Ga.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

THIS MONASTERY UP TO DATE

One of the Oldest in Japan, but Is Remarkable for Its Spirit of Modernity.

Koyasan is one of the oldest monasteries in Japan. Like all Japanese monasteries, it is beautifully secluded from the sordid world by woods and mountains. Though it is reached by either train or electric car, these go only to Kyon-guchi and Hashimoto at the foot of the range. Thence there is a ten-mile walk along a winding road, which rises for over 1,000 feet.

In the monastery proper, modernism is epidemic. There is electricity and other modern improvements. Though only canine beasts were tolerated at Koyasan, because the local deity, who was fond of hunting, had promised Kobo Daishi, the founder to protect his monastery, there are also bullocks, horses and cows there.

The rooms in the monastery are neat and clean, with only wooden bars four inches square to remind one of the nature of the place. The straw mats, the screens and tokonoma, the alcove for pictures and flower arrangements, are of better material than can be found at most inns. Besides the usual brazlers there is a concrete fire box two feet square set into the mats, which shows that on Koyasan winter is severe.

Large Incomes of Mining Men.

Mine owners and mine operators made more money, man for man, than any other group of folks during the war.

Records of the income tax in the bureau of internal revenue show that 2,554 men give the "extraction of minerals" as the principal source of net incomes aggregating $115,288,709. This was an average of $45,140, which was nearly $5,000 more than the average of the next highest group.

In the classification were "coal mines, copper mines, gold and silver and precious metals, iron mines, lead and zinc mines and quarries," and the still more important matter of "oil, gas and salt wells." Among these men, there were 107 millionaires, but the largest subdivision of them was that whose incomes ranged from $10,000 to $15,000 a year. There were 235 of these.

Butterflies Bring Big Money.

The hobby of butterfly hunters was given a new boost at the recent auction of the Sydney Webb collection of British lepidotera. A fine variety of the Magpie moth—one of the commonest moths, whose caterpillars are destroyed every year in great quantities—sold for £18 7s. 6d.; and a second variety of the same insect brought £16 5s. 6d. Ordinary specimens sell for half-penny, or 1 cent. Spots on butterflies count for much, and two specimens of the very common small copper, having confluent spots, realized not less than £12.

Wireless on Airplanes.

In connection with the patrol of the Mexican border by airplanes, Col. James E. Fechet, southern department air service officer, announced recently that wireless field telephone equipment, for installation on all border planes had been ordered, according to the Telephone Review. Planes now being used on the border are equipped with high-powered radio sets enabling messages to be received at long distance.

"SYRUP OF FIGS" CHILD'S LAXATIVE.

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

What to do for Indigestion

"Pape's Diapepsin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress—Costs so little at drug stores.—Adv.

Clubs and Churches

Shakespeare Department

The last program meeting of the year for the Shakespeare department of the Twentieth Century club was held yesterday afternoon at the home of Mrs. C. H. Coe with Mrs. Anderson Cook as hostess. Roll call was answered by the telling of current events. The drama, "What Every Woman Knows" by James Barrie was the topic for study Mrs. W. O. Garrett wave a sketch of the life of James Barie and Mrs. C. C. Corwin followed with a synopsis of the play and sketches of the character. At a business session following the program, a discussion on next years work was held and it was decided to follow the same study course as during the past year which included modern operas, dramas and poetry. Although there were only nine members present at the meeting a very enthusiastic one was enjoyed. One visitor, Mrs. C. H. Coe was present. The next meeting will be an open session and will be held at the Elks club on April 27. The Shakespearean play, "Hamlet", will be read by Prof. Harry A. Miller, an instructor of English at the State Teachers college.

Guild Meeting

Mrs. Marcy R. Miller was hostess to the regular meeting of the Westminster Guild last night at her home on North Buchanan street. The election of officers for the coming year was the prominent part of the session. Miss Nell Hudson was re-elected president; Mrs. Fred French, vice president; Mrs. S. A. McClurg secretary; Miss Theresa

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. If I heard anyone coming my heart would beat fast and I wanted to run. So I took the Vegetable Compound again and it helped me wonderfully. You may publish my letter as the medicine is surely great."—Mrs. TYVA BANTA, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published in these columns.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c
